After the postponement of the Digital Water Summit due to the outbreak of the COVID-19 pandemic, we are delighted to relaunch this new IWA event.

The IWA Digital Water Summit is the global event on water solutions that brings together thought leaders, decision makers, leading researchers, water operators and other business representatives from within and outside the water sector.

Focusing on leading practice, innovation and solutions, the event provides new networking and business opportunities, and ensures maximum exposure between participants, exhibitors and sponsors. It will connect you with the right people and the right solutions, will foster new collaborations and partnerships, and will provide a platform to raise the profile of exhibitors and sponsors amongst leading water professionals and companies.

The Summit will have a very special focus on networking, to facilitate business development, accelerate innovation and initiate research projects by meeting potential cooperation partners in face-to-face meetings.

The Digital Water Summit, which will be held in Bilbao, Spain, is organised by the International Water Association and co-organized by the water utility in the region (Consortio de Aguas Bilbao Bizkaia) and the IWA Governing Member in Spain (AEAS - Spanish Association of Water Supply and Sanitation).

Why Digital Water?

The great water challenges of our time, namely climate change, population growth and increasing urbanization, and ageing and overly stressed infrastructure, inflict significant pressure on water networks. The water industry, and in particular water utilities, needs to adapt to meet the emerging demands of a dynamic, highly deregulated and competitive environment within the context of a changing climate. In such an environment, water utilities need to continue to deliver essential services including safe and secure drinking water, stormwater management and wastewater management.

Addressing these ongoing and growing challenges requires a transformation to optimize its processes and operational efficiency. In fact, these challenges and their increasing complexity necessitate a paradigm shift to the next generation of water systems beyond traditional water and sanitation infrastructure. The development of new systems is against the background of cyber-physical systems, digitalization and big data where software, sensors, processors, communication and control technologies are increasingly integrated, to enable informed decisions in an increasingly changing, complex and uncertain world.

Target audience

The key target audience for the exhibition are the congress delegates, local, regional and international water professionals. In addition, the exhibition will trade visitors.

**MATCHMAKING & NETWORKING** – One of the main goals of this Summit facilitate business development, accelerate innovation and initiate research projects by meeting potential cooperation partners in face-to-face meetings.

You will be able to schedule these meetings in the IWA-Digital Water Summit App (available for download during the event) to have an easy access utilities and solution providers.
The IWA Digital Water Summit is designed to be the reference event in digitalisation for the global water sector. Targeting all stakeholders involved in the water digitalisation, the Summit has a focus on business and industry. Water technology providers and water utilities are the main participants that will discuss and shape the agenda of this first edition, which will gather around 500 participants from all over the world.

Your organisation will appear as a major player to fellow water professionals and sponsors before, during and after the event, making an enduring contribution to your overall marketing plan. The sponsorship opportunities are designed to cement your brand, products and/or services. You will take advantage of branding rights, targeted IWA promotions, online and media exposure to more than 70,000 water professionals that compose the IWA network.

RECEIPTS OF GOODS AT THE VENUE

If you wish to send any materials for your stand in advance to the Euskalduna Conference Centre storage rooms, please follow the following instructions:

All goods must be properly identified. (EVENTIA will send the label once the payment is confirmed).

The company in charge of delivering the goods must be provided with the following instructions:

- All goods must be delivered to the loading bay (at the rear of the building, access via Olabeaga). Do not use public entrances.

- Delivery date and hours: materials can be sent to the Euskalduna Conference Centre storage rooms from Thursday 24 to Friday 25 November from 21:00 to 11:00.

Please send an email to expo.iwadigitalwatersummit@eventia.es indicating the number of items sent.

If you wish to take materials to the venue on 29 November by light-duty or passenger vehicle, you may park in the garage of the Euskalduna Conference Centre (please note the parking facilities have a cost).

The Exhibitor is not entitled to remove any exhibited goods from the stand during the Exhibition without a written dispensation.

ASSEMBLY

Please remember that the exhibitors must transfer their own material from the storage room to their booth with their own means (cart, trolleys...). In case you need assistance, you can hire loading staff. Staff from other companies will not be allowed. Please be aware that due to the number of exhibitors, delays may occur when picking up your material from the storage room. All best endeavours will be made to reduce these delays to the minimum.

Nothing shall be posted on, or tacked, nailed, screwed, or otherwise attached to the columns, walls, floors or other parts of the Exhibition Venue without written permission from the appropriate building authority and the Organizers.

DISMANTLING

No dismantling will be allowed prior to or after the time that appears previously. If your dismantling process exceeds the established schedule, a surcharge will be applied.

Exhibitors must transfer their material to the security service in the storage room reserved for the good exits. Material must be correctly identified with the return address. Materials not handed to the security service in the warehouse will not be considered as stored materials and therefore, will be destroyed. Those materials
which are not removed from the warehouse within the next 10 days after the event will be classified as disposable.

INTERNET

WIFI connection will be available at the Euskalduna Conference Centre and details will be available onsite.

BADGES

The access to the exhibition area will be restricted to holders of exhibitor/participation badges. Exhibitors are therefore requested to register their booth staff, according to the number of badges included in the sponsorship package.

Self-registration desks will be opened on Tuesday, 29 November 2022, from 14:30 to 18:00 hours. The badge must be worn at all times while in the exhibit hall.

These badges give access to attend the scientific sessions and technical visits, including catering (coffee-breaks, lunches) and Social Programme (Welcome Reception and Gala Dinner) according to the programme.

CLEANING

Exhibitors are responsible for cleaning their stands, as well as removing boxes and spare materials used for the stand assembly before the opening ceremony. Cleaning of common areas is undertaken by the cleaning service for the venue.

SECURITY

Neither the Organizers nor the Euskalduna Conference Centre will accept responsibility for the security of the stands and its contents. Exhibitors are fully responsible for the security of their own stands and equipment.

Security alert to the exhibitors
- Keep your stand manned permanently by at least one person during the exhibit and breakdowns.
- Always keep your personal property locked away.
- Make sure you carefully clear your stand and lock away any valuable goods and papers, at the end of the exhibition day.

INSURANCE POLICY

Exhibitors are reminded that it is mandatory to have an insurance policy covering the following items:
- Transport and movement of machinery and equipment to and from the stand.
- Machinery, equipment and company personnel during the exhibition including during the assembling and dismantling periods.

LIABILITY
Each exhibitor is responsible for any damage, theft or loss of equipment in its care and for any damage to the areas rented. Neither the Organizers nor the Euskalduna Conference Centre will be held responsible for any injury to persons, losses or damages of products, exhibits, equipment or decoration due to fire, accident, theft or any other cause while on the exhibition premises.

The exhibitor agrees to indemnify and keep indemnified the Organizers for any damage in the area rented by the exhibitor, including the cost of repair, cleaning or repainting. Both the Organizers and the contractor shall not, in any way, be liable for any damage occurring in the areas allocated to exhibitors.

**PAYMENT DETAILS**

**Important:** In case of having a valid intra-community VAT number, you will be exempt of the 21% of VAT included in the fee. If not, you will have to pay the complete fee.

*Please, before making the payment check your VAT number here*

Full payment must be made **exclusively by bank transfer.**

**BANK TRANSFER:** to be payable to EVENTIA 2000, SL
